Aviation Revenue Bonds

SECURITY FOR THE BONDS

Pledge of Net Revenues

The Aviation Revenue Bonds (the "Bonds") issued under the provisions of the Amended and Restated Trust Agreement entered into as of December 15, 2002 with JPMorgan Chase Bank, New York, New York, as Trustee and Wachovia Bank, National Association, as Co-Trustee (the "Trust Agreement"), and accrued interest, are payable solely from and are secured by a pledge of the Net Revenues of the Port Authority Properties ("PAP") under the provisions of the Trust Agreement. The Trust Agreement does not convey or mortgage all or any of PAP as a pledge or security for the Bonds. The Trust Agreement amended and restated a trust agreement entered into on October 1, 1954, as amended, with the Trustee and the Co-Trustee (the "Prior Trust Agreement"). For a brief description of such amendments, see "Amendments to the Prior Trust Agreement" below.

"Net Revenues" is defined in the Trust Agreement as the amount of the excess of the Revenues of PAP over the total of the Current Expenses of PAP. "Revenues" is defined in the Trust Agreement as all monies received or earned by the County for the use of, and for the services and facilities furnished by, the Port Authority Properties and all other income derived by the County from the operation or ownership of said Port Authority Properties, including any ground rentals for land on which buildings or structures may be constructed, whether such buildings or structures shall be financed by Bonds issued under the provisions of the Trust Agreement or otherwise, and Hedge Receipts. "Revenues" do not, however, include any monies received as a grant or gift from the United States of America or the State of Florida (the "State") or any department or agency of either of them or any monies received from the sale of property. "Current Expenses" are defined in part as the County's reasonable and necessary current expenses of maintenance, repair and operation of the Port Authority Properties and shall include, without limiting the generality thereof, amounts payable to any bank or other financial institution for the issuance of a Credit Facility, Liquidity Facility or Reserve Facility, but shall not include any reserves for extraordinary maintenance or repair, or any allowance for depreciation, or any Hedge Obligations or Hedge Charges.

For purposes of the Trust Agreement, unless otherwise provided by resolution of the Board, the proceeds of Passenger Facility Charges do not fall within the definition of Revenues and therefore are not included in Net Revenues. The Board has not provided by resolution for the Passenger Facility Charges to be part of Revenues. However, the County plans to deposit Passenger Facility Charges into the Sinking Fund at the beginning of each Fiscal Year and the amount of such deposit will be credited against the Principal and Interest Requirements on the Bonds.

Limited Obligations

The Bonds are special, limited obligations of the County payable solely from the Net

Revenues pledged to the Bonds. Neither the faith and credit of the State of Florida (the “State”) nor the faith and credit of any agency or political subdivision of the State or of the County are pledged to the payment of the principal of or the interest or premium, if any, on the Bonds. The issuance of the Bonds shall not directly or indirectly or contingently obligate the State or any agency or political subdivision of the State or the County to levy any taxes for the payment of the Bonds or to make any appropriation for their payment except from the Net Revenues pledged to and provided for the payment of the Bonds under the Trust Agreement.

Amendments to the Prior Trust Agreement

In accordance with the provisions of the Prior Trust Agreement and agreements entered into between the County, the Trustee and the Co-Trustee for the benefit of bond insurers as the issuers of Credit Facilities securing certain outstanding Bonds issued under the Prior Trust Agreement, to which agreements the holders of such Bonds consented by their purchase of such Bonds, the County, the Trustee and the Co-Trustee entered into the Trust Agreement upon delivery by the County to the Trustee and the Co-Trustee of instruments executed by bond insurers as issuers of Credit Facilities securing not less than two-thirds in aggregate principal amount of Bonds then outstanding.

The Trust Agreement amends the Prior Trust Agreement by incorporating provisions commonly found in more current bond issuance instruments. Among other things, the Trust Agreement (i) includes provisions regarding the issuance of capital appreciation bonds, capital appreciation and income bonds, convertible bonds and put bonds, (ii) includes provisions regarding the use of Hedge Agreements, (iii) permits the use of Reserve Facilities, (iv) amends the test for the issuance of Additional Bonds by providing an alternate historical coverage test and modifying the existing projected coverage test, (v) removes certain requirements and restrictions relating to Projects financed with proceeds of Bonds and the operation of the Port Authority Properties, (vi) amends the rate covenant requirement by including required deposits into the Reserve Account and providing a credit for certain amounts on deposit in the Sinking Fund, (vii) permits the County to direct investments of monies, and (viii) amends certain provisions relating to defaults and remedies and to the execution of supplemental agreements.

Management's Discussion of Financial Information

For Fiscal Year 2003, the most significant change to the financial results was the addition of four months of ADF Facilities financial activity with the Port Authority Properties, which resulted in significant increases to aviation fees, rentals and current expenses. This change had the overall net effect of increasing Revenues since debt service payments on all ADF Facilities Bonds during such four-month period were paid with proceeds of Bonds issued to refund such ADF Facilities Bonds and therefore no operating funds were required to make such debt service payments.

Other significant items affecting the financial results were:

- Higher Net Revenues plus a higher retainage amount allowed under the AUA has enabled the Aviation Department to increase its discretionary cash reserves. As of September 30, 2003, the Aviation Department's operating cash position was as follows:

Revenue Fund ^(a)	\$52,603,933
Reserve Maintenance Fund	\$22,720,921
Improvement Fund ^(b)	\$92,344,289

^(a) Includes the operating reserve requirement of ten percent (10%) of the Current Expense amount included in the annual operating budget.

^(b) Includes \$42.4 million that is to be transferred to the Revenue Fund during Fiscal Year 2004 as required in the AUA.

- Decreased passenger activity in recent years, which is primarily the result of the events of September 11, 2001, the Iraq War and changes in airline business models, have resulted in significant decreases in passenger activity-based revenues such as parking, concessions and rental car. In response to this decrease in revenue, the Aviation Department implemented stringent budgetary constraints with the intent of better managing its financial resources while controlling operating costs. To offset the significant increases in security costs that resulted from the events of September 11, 2001, the Aviation Department decreased all non-essential operating expenses so as to maintain adequate cash reserves and avoid an increase in the Landing Fees paid by the airlines serving the Airport.
- Tighter accounts receivable collection policy has been implemented. The Board approved on February 4, 2003 a resolution that revised the Aviation Department's policy regarding delinquency charges on overdue accounts for users of the County airports; revised penalty fees for failure to submit timely revenue and aviation reports or payments; and authorized the County Manager or designee to exercise amendments pertaining thereto and take action necessary to implement and enforce the Aviation Department's policies regarding delinquent accounts and late reports. In essence, the new policy lessened the grace period for certain payments from thirty days to ten days and implemented a daily late fee charge for reports required to be submitted per the AUA.

In September 2003, the Board approved the Aviation Department's Fiscal Year 2004

budget. Items within this budget reflect the Aviation Department's expectation of (i) greater efficiencies to be realized with the opening of the Central Collection Plaza for the Airport's public parking facilities; (ii) increased revenues resulting from the 20% increase in ground transportation fees; and (iii) reductions in Current Expenses from (a) a lower County reimbursement amount for County services provided to the Aviation Department based on the results of a study done by an outside consultant, (b) improved efficiencies resulting from a full year of merged activity between the Port Authority Properties and the ADF Facilities, and (c) improved invoicing procedures due to the implementation of a new property management system.

Commercial Operations Revenues at the Airport

Aviation Department revenues from commercial operations concession locations in Fiscal Year 2003 were \$160.7 million. Food and beverage operations generated over 40% of such revenues, retail 29% and services 19%.

The advertising revenues were over \$4.6 million in Fiscal Year 2003. Advertising revenues are slightly increasing as new advertising technology is added to the advertising concession program such as a building wrap on the Terminal Building's east wall, which generates \$20,000 a month under an annual contract.

The Hotel generated \$8.2 million in revenues in Fiscal Year 2003 and the Top of the Port Restaurant generated over \$3.8 million in revenues during that same period. These revenues will be lost temporarily, for at least two years, when the Hotel closes May 31, 2004 for renovation and potential expansion.

The Aviation Department's concession program has been transitioning from the utilization of management agreements to the utilization of more traditional concession agreements. Under a management agreement, the Aviation Department retains all revenues from sales at a facility and pays all operating expenses, including a management fee to the operator. Under a concession agreement, the facility is leased to a tenant and the Aviation Department receives a minimum annual guaranty or percentage of the gross revenues (whichever is greater). Management agreements are continuing until new concession agreements are in place. Commercial operations revenues have been decreasing during the transition period and ultimately will represent a lower percentage of total revenues; however, net revenues available to pay debt service are anticipated to increase.

The nine rental car agencies with counters in the Terminal Building generated \$21.1 million in revenues to the Aviation Department in Fiscal Year 2003. These revenues reflect a percentage of each agency's annual sales.

⁽¹⁾ At the beginning of each Fiscal Year and in accordance with the terms of the Airline Agreements, monies from the previous Fiscal Year remaining in the Improvement Fund are deposited, unless determined otherwise under the terms of the Airline Agreements, in the Revenue Fund. The amount of such deposit is Revenue and is required by the Airline Agreements to be taken into account in determining the amount or amounts of the Supplemental Landing Charge, if any, for the next succeeding Fiscal Year.

⁽²⁾ Calculated in accordance with the Trust Agreement, as amended, by dividing Net Revenues After Deposits by the required Debt Service.

Miami-Dade County, Florida
Auction Rate Aviation Revenue Refunding Bonds
Series 2003E (AMT)
(Taxable)

Dated: May 28, 2003

Final Maturity: 2024

Purpose:

The Series 2003E Bonds were issued pursuant to Ordinance Nos. 95-38, 96-31 and 97-207 and Resolution No. R-417-03 to provide funds, together with other monies of the Aviation Department, to accomplish the advance refunding of the Dade County, Florida Aviation Facilities Revenue Bonds, 1994 Series C outstanding in the aggregate amount of \$130,410,000.

Security:

The Series 2003E Bonds are payable solely from and are secured by a pledge of the Net Revenues derived from the Port Authority Properties ("PAP") under the provisions of the Trust Agreement.

Form:

The Series 2003E Bonds were issued as fully registered bonds without coupons in denominations of \$25,000 or any integral multiples of \$25,000. The Series 2003E Bonds are book-entry only bonds initially registered in the name of The Depository Trust Company, New York, New York. The initial interest rate for the Series 2003E Bonds will apply to the period commencing on their date of delivery to, but not including October 1, 2004. Thereafter, unless converted to a different Auction Rate Period or a Fixed Rate Mode, the Series 2003E Bonds will bear interest at SAVRS Rate in a 35-day Auction Rate Period resulting from an Auction conducted on each Auction Date, in accordance with the Auction Procedures (copies of the Auction Procedures can be found in the Official Statement for the Series 2003E Bonds in Appendix D - Description of Auction Procedures). The first Auction Date is September 30, 2004. Interest on the Series 2003E Bonds will be payable during the Initial Period on October 1, 2003, April 1, 2004 and October 1, 2004 and thereafter, while the Series 2003E Bonds are in the 35-day Auction Rate Period on each Business Day succeeding the last day of the Auction Rate Period.
